****See over for map of your street's specific day of closure****

WHY IS MY ROAD CLOSING?

Roads in your association are having a pavement preservation treatment installed that will help significantly extend the life of asphalt streets. The benefits of properly maintained streets include higher property values, a smoother/safer ride, and reduced costs to the community by prolonging the need for replacement.

WHAT IF MY CAR IS PARKED ON A SECTION THAT IS CLOSED?

Work will commence at **7:00 AM** and the roads being treated will be closed for approximately **24 hours**. All vehicles must be removed from the street/parking bays prior to the start time in the area being worked on that day.

WILL MY TRASH GET PICKED UP?

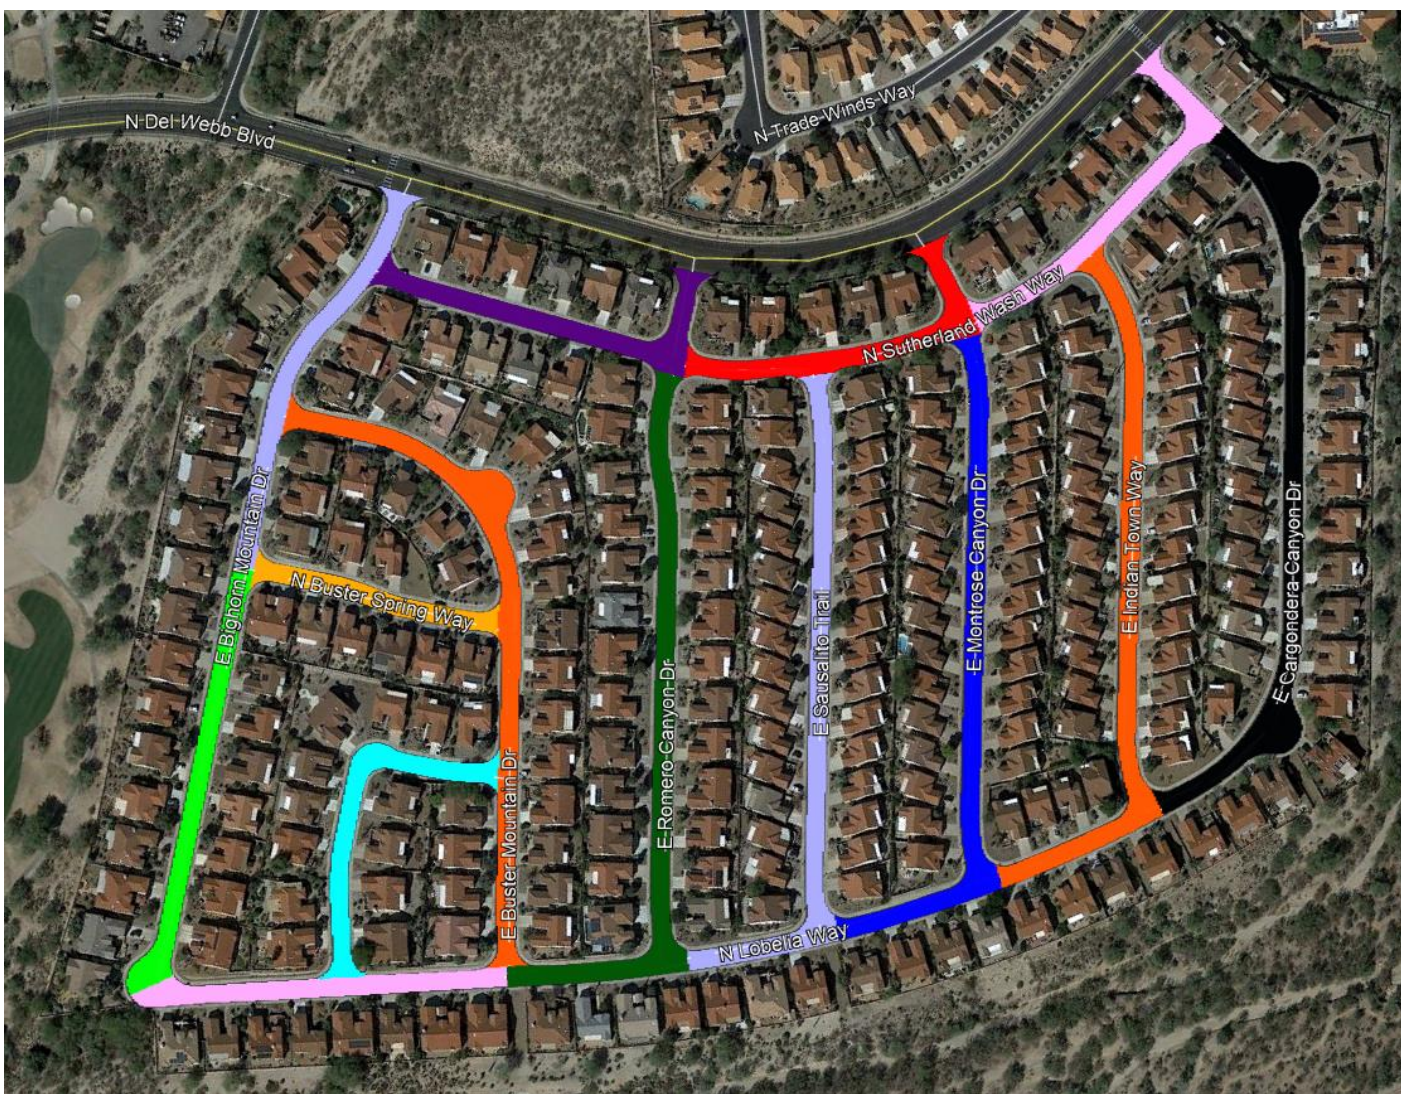

If we are working on your street on your normally scheduled trash day, please place your cans where they can be accessed. The garbage companies have been informed and may come earlier than normal.

IF WEATHER CAUSES A HALT TO THE PROJECT, YOUR STREET MAY BE REQUIRED TO BE CLOSED ANOTHER DAY.
